

MIGALOO
KIDS

P R E F A C E

Excitement is building along the world as most well-known humpback albino whale named Migaloo begins to make it's migration north from Antarctica. The creatures that inhabit the oceans that he swims through, have the full spectrum of colors- often in intricate patterns and advanced camouflage. This unusual whale called " White Fella" is the only one living animal that you can see from a plane on the vast blue background .

2

Inspired by this vision, we created MIGALOO HOME design & manufacture studio to produce distinctive new world's wide visible projects. We explore the impact of design on entire environment and we take an inspiration from nature. Leading by creative director Monika Blaszowska we invented the quest for innovation & enduring sense of elegance that goes beyond singular objects.

Enter MIGALOO HOME . A playful, provocative and prolific team of designers keen on challenging the status quo.

MAKE YOUR HOME COME TRUE.

SNUGGLE

Wall lamp

Develop your child's emotional intelligence by playing creatively with the use of interactive wooden magnet owls from Snuggle wall lamp. The light was created in co-operation with child therapists, specialising in developing emotional self-awareness

that leads to self-reflection. Thinking over things that happened in order to find ways to make things work better next time. Knowing more about how he thinks and how he comes across to others give your child a better sense of how to face and work around his challenges. Snugglw lamp, as a communication tool, helps child learn form his mistakes and begin speaking up what he needs.

Material:
wood

Optics:
LED source

Lamp power: 2x max 20W LED
Lampholder: G9
Voltage: 220-240V

LOVE AND GIVE AN EXAMPLE

Migaloo Home team is formed by ambitious and creative people, but also sensitive to the environment in which they live and work. We are aware of the potential of our team – we want to use it by voluntarily supporting the noble ideas. Therefore, every year Migaloo Home allocates 2% of the profit from each lamp dedicated to children for the Gdansk Korczak Foundation “Love and give an example”. Once a year we earmark raised funds to purchase specialized equipment stimulating the rehabilitation and development of children.

The lamps have been covered with a neutral water-based varnish, secure for health and environment. In water-based varnish the solvent content has been reduced to the minimum, thanks to which it does not produce harmful fumes, does not irritate our noses, is safe for allergy sufferers and practically odourless.
